SPRACHKENNTNISSE	Englisch (Muttersprache), Französisch (1/2 Jahr), Gebärdensprache (1 Jahr)

SO SEHE ICH MICH SELBST

Dear host family!

My name is Natalie, I love orchestra, family time and stem activities like crafts and sculptures. I also like to crochet to relax on the weekends. I am in a tech club and would like to see the technology/engineering opportunities in Germany. I want to put in the effort to become an astronautical engineer, and some day go to space and repair the ship. I also enjoy baking/cooking and would like to share my family's recipes with you. I really want to share my family's meatloaf and pancake recipes with my host family because they've been in my family for literal generations.!

I'm very bubbly but down to earth when needed, supportive and easy to talk to, and I treat everyone with open arms. I love spending time with my family a lot, no matter what we do, we could play games, go on a walk, go out, or just sit and talk and I will appreciate it.

My aunt is the one that made me want to go to Germany since she has been there before and we promised each other we would move to Germany together when I am older. In this program, I want to go out of my comfort zone, to be fully immersed in German culture, learn the German language, and to build lasting connections to come back to when I move there in the future.

I can't wait to become a part of your family! I hope to see you soon!
